Additional Information on Eligibility:

To be eligible for an award through this announcement an entity shall be a partnership consisting of: • one or more hospitals, at least one of which shall be a designated trauma center; • one or more other local health care facilities, including clinics, health centers, primary care facilities, mental health centers, mobile medical assets, or nursing homes; and •

one or more political subdivisions • one or more States; or • one or more States and one or more political subdivisions. Since partnerships focus on promoting collaborative planning across competing entities it is important that facilities belonging to one healthcare system alone do not dominate any partnership. [Successful] partnerships are strongly encouraged to include facilities belonging to more than one healthcare system so that the partnership adequately represents all healthcare partners in the defined geographic area (for the purpose of this announcement the defined geographic area must be the same as the pre-defined sub-state regions for the Hospital Preparedness Program)

Description

The Pandemic and All-Hazards Preparedness Act of 2006 (Public Law 109-417) amended section 319C-2 of the Public Health Service (PHS) Act authorizing the Secretary of Health and Human Services (HHS) to award competitive grants or cooperative agreements to eligible entities to enable such entities to improve surge capacity and enhance community and hospital preparedness for public health emergencies. Funding for these awards is provided by the Revised Continuing Appropriations Resolution, 2007 (Public Law 110-5).

CFDA Number: 93.004 -- Cooperative Agreements to Improve the Health Status of Minority Populations
Cost Sharing or Matching Requirement: No

Eligible Applicants

To qualify for funding, an applicant must: Be a private, nonprofit national minority-serving organization which addresses health and human services and has a history of service to racial and ethnic minority populations. Examples of national minority-serving organizations that may apply include, but are not limited to: Organizations representing community health organizations serving minority populations; Organizations that focus on minority health, education, leadership development, and national partnerships; and Organizations whose membership represents minority-focused health professionals. Implement the project through a collaborative partnership arrangement with at least two institutions of higher education, particularly those with a history of serving minority populations (one rural, one urban). The collaboration must be documented through separate signed Memorandum of Agreement (MOA) between the applicant and each partnering institution of higher education. The partners must each have a specific, significant role in conducting the proposed project. The MOA must specify in detail the roles and resources that each entity will bring to the project, and the terms of the agreement. The MOA must cover the entire project period. The MOA must be signed by individuals with the authority to obligate the organization (e.g., president of college or university, chief executive officer, executive director). Be an established national (defined by charter or bylaws to operate nationally), nonprofit organization (a nongovernmental, nonprofit corporation or association whose net earnings in no part accrue to the benefit of private shareholders or individuals). Bylaws and/or charter must be furnished with the application. Other entities that meet the definition of a private non-profit national minority-serving organization eligible to apply, such as national faith-based and/ or national tribal organizations. Because the intent of this program is to address the HIV/AIDS epidemic at the national level, only organizations with a national reach are eligible to apply. The organization submitting the application will: Serve as the lead agency for the project; Be responsible for implementation and management; and Serve as the fiscal agent for the Federal grant awarded.

Description

The purpose of the HIV/AIDS Health Promotion and Education Program is to improve the health status, relative to HIV/AIDS, of young adult minority populations (see definition of minority populations in Section VIII.3 of this announcement) by eliminating disparities. Through this FY 2007 announcement, the OMH promotes partnerships between national minority-serving organizations and institutions of higher education, *particularly those with a history of serving minority populations*, such as Historically Black Colleges and Universities (HBCUs), Hispanic Serving Institutions (HSIs), Tribal Colleges and Universities (TCUs), and other accredited minority-serving post-secondary institutions. This program also promotes promising practices and model programs targeting unique minority communities.

2007 Bilingual/Bicultural Demonstration Grant Program Modification 3

Document Type:	Modification to Previous Grants Notice
Funding Opportunity Number:	MP-BBC-07-001
Opportunity Category:	Discretionary
Current Closing Date for Applications:	Jul 30, 2007 To receive consideration, applications must be received by no later than 5 p.m. Eastern Time on the due date specified in the announcement. The application due date requirement in the announcement supersedes the instructions in the OPHS-1 or PHS-5161 form packages.
Expected Number of Awards:	15
Estimated Total Program Funding:	\$2,300,000
Award Ceiling:	\$175,000
Award Floor:	\$150,000
CFDA Number:	93.105 -- Bilingual/Bicultural Service Demonstration Grants
Cost Sharing or Matching Requirement:	No

Eligible Applicants

To qualify for funding, an applicant must be a: Private nonprofit, community-based, minority-serving organization which addresses health and human services for LEP populations, particularly racial and ethnic minorities who face cultural and linguistic barriers to health services (see definitions of LEP individuals and minority populations in Section VIII.3); Public (local or tribal government) community-based organization which addresses health and human services; or Tribal entity which addresses health and human services. All applicants must have an established infrastructure with three years or more experience in addressing health and human services. In addition, all applicants must provide services to a targeted community and have an established partnership consisting of at least two discrete organizations that includes: A community-based, minority serving organization (the applicant); and a health care facility (e.g., community health center, migrant health center, health department, or medical center). The partnership must be documented through a single, signed Memorandum of Agreement (MOA) between the community-based, minority-serving organization (the applicant) and the health care facility (the partner). Each member of the partnership must have a specific, significant role in conducting the proposed project. The MOA must specify in detail the roles and resources that each entity will bring to the project, and the terms of the agreement. The MOA must cover the entire project period. The MOA must be signed by individuals with the authority to obligate the organization (e.g.,

president, chief executive officer, executive director). Other entities that meet the definition of a private non-profit community-based, minority-serving organization and the above criteria that are eligible to apply are: Faith-based organizations. Tribal organizations, Local affiliates of national, state-wide, or regional organizations. National, state-wide, and regional organizations, universities and other institutes of higher education may not apply for these grants. As the focus of the program is at the local, grassroots level, OMH is looking for entities that have ties to local communities. National, state-wide, and regional organizations operate on a broader scale and are not as likely to effectively access the targeted population in the specific, local neighborhood and communities. The organization submitting the application will: Serve as the lead agency for the project, responsible for its implementation and management; and Serve as the fiscal agent for the Federal grant awarded.

Description

The purpose of the Bilingual/Bicultural Program is to improve the health status of LEP minority populations (see definition of minority populations in Section VIII.3 of this announcement) by eliminating disparities. Through this FY 2007 announcement, OMH is continuing to build communication bridges and reduce the linguistic, cultural and social barriers LEP minority populations encounter when accessing health services by supporting programs that focus on: improving and expanding the linguistic and cultural competence capacity and ability of health care professionals and paraprofessionals working with LEP minority communities, and improving the accessibility and utilization of health care services among LEP minority populations.

Description

Purpose: This Funding Opportunity Announcement (FOA) issued by the National Institute on Deafness and Other Communication Disorders (NIDCD) encourages research applications from institutions/organizations to investigate outcomes in young children with mild to severe hearing loss. Applications should be multidisciplinary and have a primary focus on determining the impact of intervention, child, and family factors on communicative, educational and social development outcomes in young children with mild to severe hearing loss. -Mechanism of Support. This FOA will utilize the NIH Research Project Grant (R01) award mechanism. -Funds Available and Anticipated Number of Awards. Awards issued under this FOA are contingent upon the availability of funds and the submission of a sufficient number of meritorious applications. Because the nature and scope of the proposed research will vary from application to application, it is anticipated that the size and duration of each award will also vary. The total amount awarded and the number of awards will depend upon the quality, duration, and costs of the applications received.
